

# About Us

The Missouri Forest Resources Advisory Council (MoFRAC) facilitates communication among all who are interested in Missouri's forests to assure long term forest health, productivity, and sustainability.

## *MoFRAC...*

- *Serves as a sounding board for more than 35 agencies and organizations regarding planning, operations, programs, policies, or legislation affecting forestry*
- *Supports meetings, workshops, field days, and conferences to promote the importance of Missouri's forests and awareness of forestry issues*
- *Supports science-based research and surveys to gather information and opinions related to forestry issues in Missouri*
